

BRANCH REPORT 2014-2015

COMITÉ DE BIENVENUE

FALL 2014

Our committee helped out with the open houses. For La P'tite Ecole, we stood at the doors and also walked the new families in to their class and gave them a tour if they hadn't had one. For the Junior School, we set up a table at the entrance and welcomed the new students. A student ambassador walked the new students to their classrooms.

FALL/WINTER/SPRING 2014-2015

The Comité de Bienvenue continued to work very closely with the Branch Coordinator this year. The Comité and its team of volunteers attended all the open houses with the branch reps. Other key responsibilities included welcoming any new families throughout the year. Families were emailed in advance, invited to coffee, and greeted on their first day of school.

NEW PARENTS BREAKFAST, SPRING 2015

The tradition of welcoming new families to an information session breakfast continued for both branches.

FUN FAIR 2015

For the Fun Fair, invitations were sent electronically and each new student received a TFS pencil case and water bottle to welcome them to the school. A recommendation for next year is to have a stuffed animal as most of the kids admitted are 4 and under and can't really use the gifts we have been giving them. The Comité de Bienvenue was located outside the Junior School and was next to the alumni booth. This year we sold tickets and it went over very well.
